| <input type="checkbox"/> 275 U.S. GALLONS (1,040.9 Liters) and 2970.0 lbs. (1350.0 kg) | <input type="checkbox"/> 30 U.S. GALLONS (113.6 Liters) and 324.0 lbs. (147.3 kg) |
| <input type="checkbox"/> BULK <input type="checkbox"/> TANKER | <input type="checkbox"/> 55 U.S. GALLONS (208.2 Liters) and 594.0 lbs. (270.0 kg) |

KEEP OUT OF REACH OF CHILDREN WARNING • AVISO

HAZARD STATEMENTS

Causes serious eye irritation.
Harmful if swallowed, inhaled, or absorbed through skin.
Do not get in eyes or on clothing. Avoid contact with skin. Wear protective eyewear (goggles, face shield, or safety glasses).
Wash thoroughly with soap and water after handling. Remove contaminated clothing and was clothing before reuse.

If you do not understand this label, find someone to explain it to you in detail. (Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle)

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. Call a poison control center or doctor for treatment.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Have the product container or label with you when calling a poison control center or doctor, or going

for treatment.

You may also contact INFOTRAC 1-800-535-5053 for emergency medical treatment.

PRECAUTIONARY STATEMENTS: Do not get in eyes, on skin or on clothing. Wash hands, forearms, and other exposed areas thoroughly after handling. Do not eat, drink or smoke when using this product. Wear impervious gloves, protective clothing, and eye protection (goggles/full face shield). Do not breathe vapors, mist, or spray.

ENVIRONMENTAL PRECAUTIONS: Prevent further leakage or spillage if safe to do so. Do not allow to enter drains, sewers, or watercourses.

BEFORE USING THIS PRODUCT, READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE - LIMITED WARRANTY AND LIMITATIONS OF LIABILITIES AND REMEDIES.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a safe place away from pets and keep out of the reach of children. Store away from excessive heat. AgMix+ will freeze. Always store AgMix+ above 40 degrees F (Do not Freeze). Freezing may cause product separation.

DISPOSAL CONSIDERATIONS: Dispose of in accordance with local/regional/national regulations.

ADDITIONAL INFORMATION

Information regarding the contents in this product is available by calling 800-257-9283.

DIRECTIONS FOR USE

AgMix⁺ is a water conditioning agent. It reduces the pH of the water solution and sequesters many dissolved mineral ions that tend to tie up or reduce the effectiveness of some herbicides.

In addition, AgMix⁺ can be used as a tool to increase the ability to tank mix certain products and keep them in more of a uniform solution.

AgMix⁺ is compatible with many pesticides and fertilizers. Perform a jar test to check compatibility prior to mixing large quantities.

Confirm compatibility with auxin herbicides such as 2,4-D before mixing with water or fertilizers due to local mixing uses. Directions for AgMix+ should follow label guidelines of other pesticides in tank mix.

Follow herbicide and pesticide label recommendations when using AgMix⁺.

Read and follow all directions on this label prior to use.

Perform a jar test to check compatibility with other products prior to mixing.

MIXING INSTRUCTIONS

Note: AgMix⁺ is a water conditioner therefore as much water should be added in Step 1 as possible to allow the water to be conditioned.

1. Add maximum volume of water or fertilizer to tank but insure there is sufficient volume in the tank remaining to accommodate AgMix+, additional fertilizers or pesticides in the tank. Then turn on agitation.

As an example, if you have a 100 gallon tank and will be adding 5 gallons of Ag Chemicals, **FIRST** add 0.5 gallons of AgMix+ to 94.5 gallons of water, **THEN** add your Ag Chemicals in the order recommended by their product label.

2. Add required amount of AgMix⁺ per dosing chart before adding any other pesticides and/or remaining products while maintaining agitation.

3. Add any pesticides or remaining products to the tank and follow use instructions.

4. Fill tank with balance of water or fertilizer while maintaining agitation.

5. Agitate adequately for uniformity of solution before applying.

RECOMMENDED RATES

Always add AgMix⁺ to spray water solution first to condition the water.

| Alkalinity (ppm as CaCO ₃) | Dose Rate (Oz/100 Gallons) | Expected Resulting pH |
|--|----------------------------|-----------------------|
| 100 | 8 | 6.0 |
| 200 | 16 | 5.9 |
| 300 | 24 | 5.9 |
| 400 | 32 | 5.9 |
| 500 | 40 | 5.9 |
| 600 | 48 | 5.8 |
| 700 | 56 | 5.8 |
| 800 | 64 | 5.6 |
| 900 | 72 | 5.5 |
| 1000 | 88 | 5.9 |

IMPORTANT READ BEFORE USING LIMITED WARRANTY AND LIMITATION OF REMEDIES

Read the entire Directions for Use, Limited Warranty and Limitation of Remedies (including limitations on liability) before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following conditions, disclaimer of warranties and limitations of liability.

The Directions for Use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Earth Science Laboratories, Inc. To the extent consistent with applicable law, all such risks shall be assumed by the user or buyer.

To the extent consistent with applicable law, seller warrants that the product conforms to the chemical description and is reasonably fit

for the purpose stated on the label for use under normal conditions, but makes no other warranties of FITNESS OR MERCHANTABILITY expressed or implied, or any other warranty if the product is used contrary to the label instructions, or under conditions not foreseeable to the seller. To the extent consistent with applicable law, the seller shall not be liable for more than the cost of this product to the buyer and will in no event be liable for any consequential, special or indirect damages connected with the use or handling of this product. This product is offered and the buyer or user accepts it subject to the foregoing terms which may not be varied. Seller makes no warranty for product which has been frozen.

Always read the label on the product for current and accurate information.
